

Dear Stephanie

The past month has been a busy one. A number of business owners I have spoken to have said they made record sales in March...lets hope the trend continues.

This newsletter is a little late this month as I travelled to Rotorua to do a short presentation to a number of caretakers. The topic was Eco-Friendly products for Schools. We had an interesting discussion on how they currently use chemicals now. A number of them said they use little or no protection! The statistics on work related disease are frightening with 700-1000 dying every year in New Zealand.

The main concerns they had to converting over to more eco-friendly/natural products are the costs and whether they work. On the whole I believe the eco-friendly products we distribute are price comparative with standard products and they definitely work - they are well tested by commercial cleaners in NZ.

I am about to introduce a new variety of cleaners into our range called Care4NZ. These include some heavy duty cleaners including Carpet cleaner, Floor Polish Strippers and Graffiti Removerswatch this space.

April Product Special

This month we are running a special on Bio-Clean Degreaser.

Bio-Clean is a M.A.F. approved All Purpose industrial strength cleaner and degreaser. It cleans any surface including stoves, BBQ's, engines, floors, walls, toilets, bathrooms, vinyls, carpet stains, bench tops, plastics, glass, cars and boats. Sold in a 5L and 20L concentrate. Dilute 10:1 for a general clean.

Bio-Clean 5Litres concentrate \$31.00 + GST [BUY NOW](#)

Interesting fact!

For every hour of sleep you have, your body burns around 50 - 53 calories dependant on your body size.

Interesting Video!

This video clip shows a penguin who takes himself off shopping - very cute! [Watch the video.](#)

Thank you for your business, we truly appreciate it.
