

My thoughts, along with the rest of New Zealand are with the people in Christchurch. The stories I have heard, brought tears to my eyes, yet it is heart warming to see New Zealanders and people from around the world banding together to help each other.

We have received many enquiries about sending our hand sanitiser down to Christchurch and as a result I am offering a 15% discount to any orders of hand sanitiser being sent there. You can order at www.handsanitiser.co.nz. Use the code EARTHQUAKE to receive this discount.

March Product Special

This month we are running a special on Green-One Kitchen Tidy bags.

These will degrade in sunlight, water and landfill. They are made in New Zealand from recycled materials and are very strong. Using these will reduce the effects of plastic in the environment.

Kitchen Tidy Bags Medium (20 bags per roll) and Large (16 bags per roll). This month only \$2.80 + GST

Interesting fact!

Banging your head against a wall uses 150 calories an hour! At least that means you are being constructive while releasing your stress 😊

Thank you for your business, we truly appreciate it.
